G.O., No. 222 I., dated 17th March 1898.

Read—again the following paper :—

G.O., No. 230 I., dated 6th March 1897.

Order—No. 222 I., dated 17th March 1898.

The order read above decides that, for the purpose of regulating traffic on the Periyar lake, the new rules, about to be issued, as applicable to the Chilka lake group, will be made applicable to the Periyár lake, and that pending the issue of these rules certain fees should be levied from vessels making use of the lake. His Excellency the Governor in Council now considers that no special law and no elaborate rules are required to control navigation on the Periyár lake. For the sake of identification a written or printed permit will be issued free, by the officers of the Public Works Department, to every person who desires to have a boat of any kind on the lake, and such person including the Travancore employés may be required to have a number painted on the stern or sides of the boat.

2. The Superintending Engineer, VI Circle, will arrange to have a notice put up at the landing place in the channel, that the floating of timber on the lake without written permit from the Executive Engineer is forbidden, and that persons in any way damaging the works will be prosecuted.

3. Before orders are issued to the foregoing effect, the Resident in Travancore and Cochin will be requested in the Political Department to ascertain whether they meet with the concurrence of the Travancore Durbar.

Joint Secretary to Government,
